state-of-the art
facility*

Nursing

One of the fastest-growing occupations in the U.S., nursing is an emotionally fulfilling and rewarding career that unites the science of health with the art of caring. The Chesapeake College/Macqueen Gibbs Willis Nursing program is highly regarded as one of best in the Mid-Atlantic. Experienced faculty, state-of-the-art simulation technology, thought-provoking classwork, and meaningful clinical rotations prepare our graduates for valuable healthcare careers.

Objectives - Prepare for:

- National Council Licensure Examination for Registered Nurses (NCLEX-RN)
- Safe and effective entry level practice
- Core knowledge to pursue a BSN

Career Opportunities

An ASN prepares graduates for careers in clinical and community positions in areas like:

- Medical Surgical Nursing
- Critical Care Nursing
- Maternal Child Nursing
- Pediatric Nursing
- Behavioral Health
- Geriatric Nursing

Executive Summary

The ASN degree has a minimum of 69 credits and includes a number of required general education and nursing courses. Select Gen-Ed classes are required prior to four semesters of sequential nursing courses.

Associates to Bachelors Pathway

Chesapeake's nursing program promotes seamless academic progression. Obtain a BSN (Bachelors of Science in Nursing) through our partner universities and colleges. Our advisors can prepare an individualized educational plan to help you prepare and progress through lifelong learning.

The Chesapeake College/Macqueen Gibbs Willis Nursing program provides a quality nursing education for individuals within our communities. Shore Regional Health values our partnership with the program. We are honored that the clinical faculty utilize our units and departments as clinical training sites.
